

# DIVURGENT

## The Divurgent Difference

*Divurgent is not the typical healthcare IT consulting firm.*

**We work smarter.**

**We work harder.**

**We work hand-in-hand.**

*As a nationally recognized company focused on the business of hospitals, health systems, and affiliated providers, we are committed to the healthcare IT evolution, deploying customized, scalable solutions that help our clients achieve improved operational effectiveness, financial performance, and quality of patient care. Our experienced, hands-on team continuously evaluates and addresses industry and market trends to align client goals with the future market state. Divurgent's solution areas, developed to align with our client's goals, include Implementation, Activation, Transformational, Strategic Advisory, Cybersecurity, and Financial Advisory.*

*Divurgent's proactive solutions to today's top health IT challenges provide strong project management methodologies based on the collective experience of our tenured consultants and leaders. Bringing on the industry's best practitioners in healthcare evolution, IT strategy, cybersecurity, reimbursement reform, and technology implementations delivers a deep repository of engagement experience, innovative project approaches, and true thought leadership to our clients. Utilizing proven industry methodologies and a culture of strong knowledge sharing, Divurgent offers a level of expertise that is unbeatable.*

***Our goal is simple: to collaboratively transform healthcare with our clients for the communities they serve.***

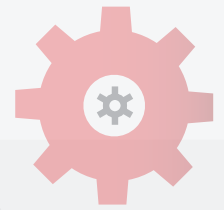

*In the past 12 months, Divurgent has received distinguishing honors from organizations such as KLAS Research for outstanding service delivery in multiple performance categories, and Inc. Magazine as a Fastest-Growing Company in 2016. Divurgent has been named one of Modern Healthcare Magazine's "Best Places to Work in Healthcare" for a fourth time and second consecutive year, as well as one of CIO Review's "50 Most Promising Healthcare Solution Providers", a recipient of the U.S. Chamber of Commerce Blue Ribbon Award, and for the second year, one of Consulting Magazine's list of Fastest Growing Firms.*

*Divurgent is in a unique market position. We offer the client-focused, responsive characteristics of a boutique consulting firm paired with the benefits of a company designed to provide complex, scalable solutions to both small and large healthcare organizations. This value is evidenced in our clients' feedback and the successful organization and delivery of our services.*

## DIVURGENT

### MISSION

*Divurgent is dedicated to improving healthcare by delivering customized client-focused solutions resulting in improved patient outcomes and enhanced operational efficiencies for our clients and the communities they serve.*

### VISION

*Our methods are proven, our team is strong, and our passion enables us to transform healthcare.*

*“Divurgent was flexible and responsive from the very beginning. They were always willing to work with us on anything we needed. We appreciated that even during the sales process we could tell that they didn’t want to just sell us services like some firms do. Divurgent seemed engaged and interested in our needs and in making sure we would be successful.”<sup>1</sup> - Customer Response*
